PRODUCT NOTES:

- 1) All products on this page except Workshop & Garage are **APEX Roof sheds** featuring double, inside running sliding doors and a strong entry/exit ramp across the door opening width. The sliding doors are positioned at the front of the shed, i.e. the 6', 8' or 10' **roof measurements** being the first figure in the RANGE column, the second figure being the length of the shed from front to rear. All models feature vents to the gables.
 - 2) Skylight roof panels for all models on this page are optional extras – none can be fitted to the CANBERRA 'PENT', CANBERRA 'LOW PENT' or CANBERRA 'LEAN-TO' models.
 - 3) All products throughout this list are made from hot-dipped galvanised steel.
 - 4) **COLOUR COMBINATIONS TO MODELS ON BOTH PAGES**

All prices throughout this list include carriage paid to a customer's private house address anywhere on the UK mainland. SCOTTISH deliveries (outside Glasgow and Edinburgh Post Codes) are shipped by T.N.T. at additional cost (please enquire). The OPTIONAL ACCESSORIES are only available at the prices quoted if shipped with a Shed/Storage Box

OPTIONAL ACCESSORIES

Openable Window :

3mm thick sliding Acrylic window. Can be fitted to any shed (except LOW 6x4 Pent). Approx. 61.5 W x 33 H cm. Kit supplied with cut-down wall panel

Skylight:

Translucent roof sheet available to permit daylight to the shed interior. Replaces one full width roof panel. Fits all APEX roofed sheds only.

Corner Shelves:

Galvanised shelves and supports supplied in kits of **one** or **three** shelves. Simple fitting. Provides a good level of storage space to help organise all those small items.

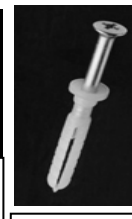

Rear Mounted Shelves:

Long shelf support rails which support the 12mm thick MDF board supplied. Fits to the rear wall of the shed, for spacious and secure shelving. Kit comprises parts for one or two levels of shelving.

Timber Floor Kit:

Comprises fully pressure impregnated half lapped boards and bearers. Nails included for assembly, plus screws & washers to fix the shed base rail to the top surface of the floor. (pegs for securing to soil bases not included)

Hilti Kit:

Fits through pre-drilled holes in the base rail. Fix by simply hammering on the head of the drive screw. Kit supplied with masonry drill bit.
